Management Team*

In September, 18 of our colleagues from LF Logistics' Support Services showed off their culinary talents by packing a homemade lunch – for their entire team!

For this "Heart to Heart DIY (Do It Yourself) Lunch," the volunteer chefs collaborated to fill the bellies of their 80 hungry teammates with delectable dishes, which they prepared and assembled at home and then – quite carefully – transported to the office the next day. Served with sides of friendly chit-chat, items on the potluck menu were also judged in a Best Chef competition.

Organizers received very positive feedback from their colleagues in the post-event survey, proving that true teamwork means never having too much on your plate.

Let's see what our colleagues had to say about the event...

"I was surprised by the variety of delicious dishes! We don't even have a lot of re-heating equipment but the team pulled off an amazing potluck."

SARIA LI
Senior Manager

"The success of this event showed us what true collaboration is all about. Great results, as our team has learned today, are the most satisfying."

TAMMY SZE
General Manager

"This activity gave everyone the chance to take a bit of time out to enjoy each other's company and remember the importance of sharing and showing C.A.R.E. to one another."
