We are very pleased to announce our strategic partnership with Logitech in Asia Pacific! LF Logistics built the Asia Supply Chain network for Logitech, providing Distribution Center (DC) management services through our logistics hubs to service Mainland China, Australia, Hong Kong, Korea, New Zealand, Taiwan, ASEAN and India.

“Together we want to push the boundaries of what is possible and set the new level of best in class supply chain metrics of the tech industry. Now we have started that journey with LF Logistics.” said Elaine Laird, Vice President, Global Supply Chain – Logitech.

“This is a great step forward with Logitech, I want to thank everyone who has helped us along the journey,” said John Parkes, Executive Director of global business development - LF Logistics.
