

LF LOGISTICS GOES greener

As part of the Clean Up Our World campaign, our colleagues in LF Logistics Thailand hosted their annual LF Logistics Goes Greener tree-planting event on August 8th. Spirits were high as colleagues were also looking forward to a long weekend commemorating the Queen's 81st birthday. This double celebration clearly gave our tree planters a boost as they planted 200 trees – that's twice as many compared to [last year!](#)

Our colleagues helped raise funds by selling "WE LOVE THE EARTH" polo shirts especially made for LF Logistics. Colleagues who brought a shirt also had a tree dedicated to them. If you walk by the Bangpa-in office, you'll even see some trees with familiar names such as Noel Bautista, Executive Director, Head of Asean and Janya Thana-athiporn, EVP, Head of Thailand.

Thanks to our colleagues' hard work and dedication for a more sustainable environment, our Bangpa-in office is now greener than ever!

HERE'S WHAT THEY HAD TO SAY ABOUT THIS ACTIVITY...

"Not many businesses show such care for the Earth the way U & Fung does. It means a lot to be part of a company that gives us opportunities to better our working environment."

Adisorn Somwiseth
Senior Manager - Operations

"I felt proud to be a part of this activity. Through solid work and the company's help, we are able to make our area cleaner and greener. It's a beautiful space!"

Pomsawat Sompeng
Manager - Operations, DSO

"I really appreciate that we were given a place near our office to plant trees. Not only do we now have a nice resting spot, we also helped make a better environment for the whole community."

Koontalee Thuanmuan
Senior Supervisor - Operations, Coffee World

"This activity was such a great idea. We got to plant trees, have them named after us and got a cool polo shirt in return. I want to do this again soon!"

Apinat Turongreung
Senior Supervisor - Human Resources

"Doing this activity felt like a breath of fresh air. We got to spend time outdoors and did something hands-on to make a difference to the environment. It was a very special experience."

Arjinpai Chukeaw
Supervisor - Operations, Fontana

"Our world is facing many problems regarding sustainability today and planting trees will make our Earth greener. Our colleagues were diligent and cooperative, and this was a very rewarding experience for all of us."

Tinaltha Katchapan
Supervisor - Operations, Watsons
